

# Only Hope

## VERSE 1

*C7* *G7*  
The risin' tide has washed my dreams away  
*C7* *G7*  
The sun is setting quickly on this man made nightmare  
*F7*  
While I'm ruined by my foolishness  
*C7* *D7* *C7*  
I'm finally in a place to see

## CHORUS

*G7* *F7*  
The sun will rise again  
*C7* *G7*  
Lord let me stand upon You can quit playin' in the sand  
*G7* *F7*  
The dawn brings mercies new  
*C7* *G7*  
Sweet Jesus I'm reminded that my only hope is You.

## VERSE 2

Drowning rain falls down on my parade  
I though this throne was made for me, if only for today  
While I'm caught up in the crazy mess  
I'm finally in a place to see

## BRIDGE (Same as Chorus)

The sun, the sun will rise again  
The sun, the sun will rise again  
The sun, the sun will rise again  
My only hope is You
