

ONLY JUST BEGUN

VERSE 1

Bm D/F# G
How many times have I come before You?
Bm D/F# G
I enter in Your presence once again.
Bm D/F# G
How much more could I sing of Your mercy?
Bm D/F# G
My lips will declare without end...

PRE-CHORUS 1

A G
All Your love, poured out
A G
All Your grace, so free...

CHORUS

D A
We've only just begun, to sing
Em G
Of all that You are, all that You are
D A
My Lord, my King
Em G
We've only just begun, we've only just begun, to sing!

VERSE 2

My mortal words, they fail to describe You
I cannot find the limit of Your love
These simple songs will never exhaust You
Forever we will worship You above

PRE-CHORUS 2

For Your love, poured out
And Your grace, so free...
